A high-angle, black and white photograph of a large, dense crowd of young people, likely students, looking towards the camera. The crowd is composed of many individuals, mostly teenagers and young adults, with various hairstyles and clothing styles typical of the late 1960s or early 1970s. The perspective is from above, looking down on the group. The text "THE WAY" is overlaid in the top left corner, and "WE WERE" is overlaid in the bottom right corner.

# BAND '81

**Band**  
Band and Flag Team this year won Sweepstakes Awards at Canyon Country, marched in Lancaster, South Gate and Culver City as well as performed at various school assemblies. The Marching Maniacs truly had a "RAD" year.

# YEARBOOK '81

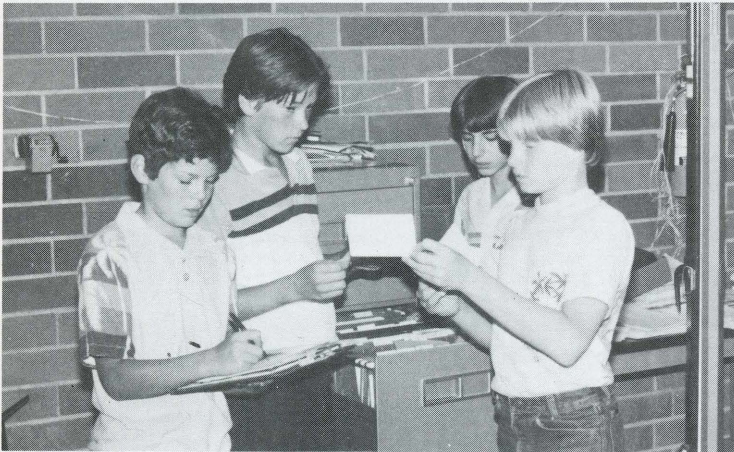

*Quest '81* has been produced by the students pictured on this page. We're very proud of *Quest '81* and are pleased to have documented a fine school year at Arroyo Seco.

In addition to producing the yearbook and the yearbook supplement, the *Quest '81* staff worked on two assemblies, the yearbook assembly and the Rock Show, both of which were enjoyed by the students very much.

We want to thank those who helped us, especially Mr. Honnen and his photo production students for making some of the prints we needed.

## S.U.R.F.E.R.

This is the 3rd year we have had our silent reading program called SURFER. SURFER stands for Silent Uninterrupted Relaxation for Enjoyable Reading. Every day, all students and staff members stop their other activities and pick up a book of their own choosing to read during SURFER. This year we won a grant for \$1,000.00 to buy new paperbacks for the SURFER Center in the library.

## CONQUISTADORE OF THE WEEK

Each week, a special student is nominated and chosen by the Arroyo Seco faculty to be the Conquistadore of the Week. This student is selected because of his or her cooperative attitude and behavior, positive influence and academic progress.

## HYDRAULIC RESEARCH

Adopt-A-School

For the third straight year, Arroyo Seco, in cooperation with Textron's Hydraulic Research of Valencia, has been able to send approximately 150 8th graders to participate in a career education program. Through the combined efforts of Hydraulic Research President, Sam Garcia, Community Relations Director, Connie Worden, and Arroyo Seco teachers, Marie Yagmur, Jan Tavares, Maureen Franzen, Barbara Dawns and coordinator Rich Obar the Adopt-A-School Program has had another successful year.

*See PATRICK, THANKS for telling me sign this book! - Well, besides all that, good luck next year in Geometry! your Algebra teacher, M.J.*

## PRINCIPAL'S MESSAGE

"The way we were" is certainly a fitting theme for this year's *Quest* as it depicts the progress of Arroyo Seco over the past several years. The way we were is not "the way we're going to be," thanks to our school's acquisition of a planning grant (\$29,000) from the state of California which will be used to improve all programs at Arroyo Seco. This honor was certainly the highlight of another banner year for the students and staff as they continued to make our school a better place for everyone.

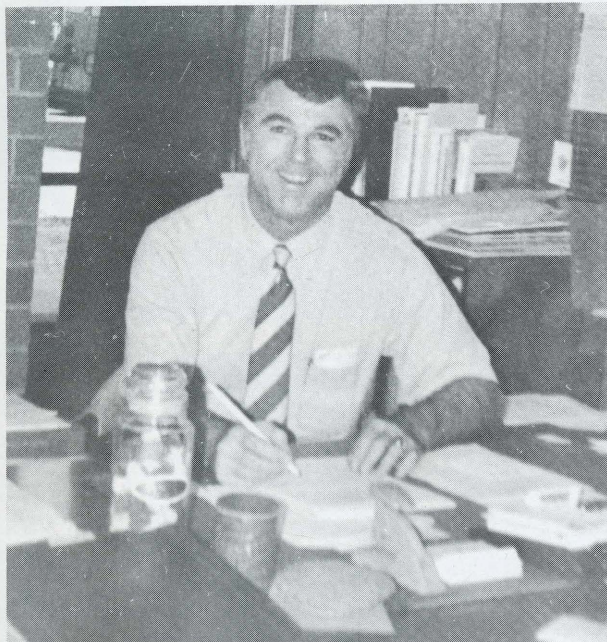

Another grant of \$1000 was received from the Association of California School Administrators Region 15 for continuing to improve our all school silent reading program. This will be used exclusively for increasing the number of books in our library.

The ASB continued to take an active part in our school demonstrating "Seco Pride" through their leadership by providing a wide variety of activities and programs for the entire student body. They were instrumental in purchasing a video tape recorder and monitor which allows classroom instruction to be supplemented with outside recorded programs as well as providing a "hands on" experience for students to actually Video-tape and review their own school's activities.

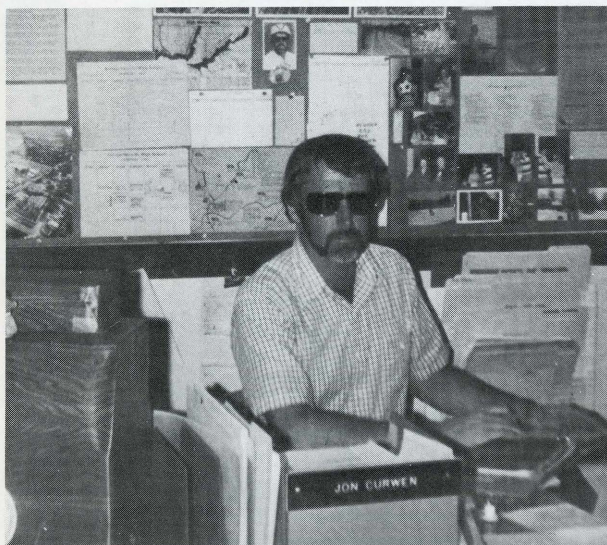

Academic accomplishments at Seco also continued to rank high as evidenced by the achievement level of our students on the district competency tests in math, reading and written expression; all of which topped the national norms. Our honor society was very active this year with its largest membership ever.

On behalf of the entire staff at Arroyo Seco, let me congratulate our eighth graders on their accomplishments and wish them the very best at the high school level.

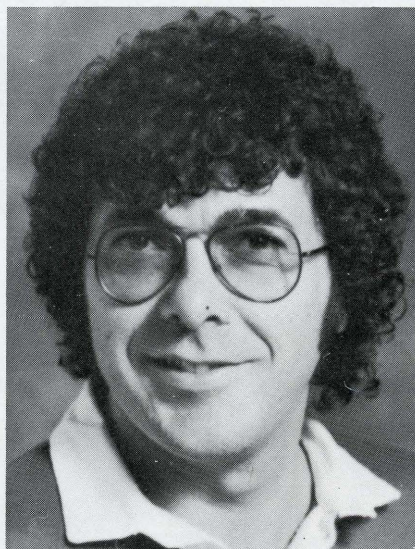

My personal thanks to all faculty for their dedication and our parents for their loyalty and support. It is my sincere wish that this school year has been both successful and rewarding for each of you.
