INDUSTRY

Thatcher Glass Manufacturing Company Inc., part of the industrial surge in the Newhall-Saugus area, has over 300 employees.
Birgetta Gulberg of Sweden, the only girl performer in the troupe, showed excellent form.

Olympic gymnasts perform at Hart High

Last Friday night at the Hart High School, a group of Olympic gymnasts gave an exhibition.

The show, sponsored by the Placerita PTA was viewed by an enthusiastic crowd.

Some of the performers were, Gerry Wright, U.S.C.; Birgetta Gulberg of Sweden; Le Moyne Dunham of Pasadena City College; Bob Lynn, U.S.C.; Marshall Klaus of Germany; Armando Vega of Penn. State and Bob Smith, Temple University.

Gerry Wright of U.S.C. demonstrates excellent "horsemanship."

Teenager top rider

Participating in the gymkhana at the Castaic Saddle Club arena, 13 year old Beverly Thomas, atop her quarter horse Buster Brown, captured first prize in the speed event and received her ribbon from Ruth O'Connor, popular horsewoman of Newhall.

A member of Equestrian Trails Corral 12 of Sylmar, Beverly, like many other Corral members, turns up each month at the neighboring arena where agile riders and the pounding hoofs of top horseflesh combine to keep up a modern version of the Old West.

FUTURE SCIENTISTS SHOW THEIR WARES

Bruce McFarland, Hart freshman, won a blue ribbon in physics, lower division, with his monorail project.
Public interest in the Science Fair held in the William S. Hart High School cafeteria Saturday morning was satisfactorily evidenced despite the cold and inclement weather.

The competition, open to students of junior and senior high schools, was sponsored by the science class of the high school. It displayed exhibits and experiments, performed or constructed on the students' own time.

The winners of trophies in the upper division (9, 10, 11, 12th grades) were: Terry Hovey, first; Jim Arnold, second; and Kurt Schnepple, third. Top honors were captured in the lower division (7, 8, and 9th grades) by two Placerita Junior High students: Nadine Betsworth, first; and Bruce Wirtanen, second. Third prize went to 9th grader, Bonnie Moore.

Text by Jeanette McFarland
Photos by Ben Wiggins

Above, Mark Paulson, explains a point about spectroscopy to an interested spectator.
Below, Mark Paulson's spectroscopy exhibit a second place upper division winner.
