VIRG  
KILPATRICK

## J. S. MULLIGAN'S GOOD TIMES...GREAT FOOD !!

"Driving a Grand American Modified is more thrilling than any car I've driven yet". Those are the words of our featured driver tonight, Jim Marlewski. This Cleveland, Ohio native was transplanted in Southern California in 1966 at the age of 16 years. They arrived driving a station wagon and pulling a trailer. After a couple of years in the Army and a marriage, Jim and wife Patti bought a home in Simi Valley. "I guess my first experience was a Demo Derby back in Cleveland at 14 years old, my Mom signed the waiver for me." The first race was on dirt at Indian Dunes in a borrowed car and I rolled it ! It came down on all four wheels, I finished the race, the crowd went nuts..... I was hooked on racing." Jim drove for Pete Andelman in '86, '87, & '88, taking Rookie-of-the-year in '86. In 1989 Patti became "owner of record" of the cars he drove as she is now for the Grand American Modified. Jim's always finished in the top 10 and hopes one day to be the Top #1...very soon! "Thanks to my sponsors and all sponsors who don't get enough credit." Lee Ladd, D & L Signs, Superlative Maintenance, All Weld, Simi Valley Auto Wrecking, Di-Tech International, Mobile Welding Supply, Jaymar Engineering, Custom Cars Unlimited, and Spangler Fabrication. "Patti, Tricia, and Jon are my biggest cheering section and they make it all worth it," says Jim. Thank you Jim, and here's to a great season in the new division...maybe we'll have a couple dozen by the end of the year. This is a "building" year for this new division and it takes awhile for the teams to build their cars and get established and obtain sponsors. "IRISH"

Jim Marlewski

RACE RECAP, SATURDAY, MAY 4, 1991

ROD JOHNSON SCORES FIRST WIN OF 1991

Rod Johnson led every lap in the NASCAR sportsman main event for his win of the year last Saturday at Saugus Speedway.

Rod Johnson started on the outside of the front row for the 40-lap NASCAR sportsman feature, but out ran pole sitter Jerry Johnson just after the green to take the lead. Rod Johnson would never be challenged throughout the race as he drove to victory. Point leader Keith Spangler moved to fourth behind just behind Jerry Johnson and John Higgins on lap twelve, but Spangler could never find his way farther forward with Jerry Johnson ending up second with Higgins third and Spangler fourth. Gary Sigman took fifth following a last lap pass.

## **TAD MEYER'S *MAY 4TH HOBBY/JALOPY***

Auggie Iannolo led from the pole in the 25-lap NASCAR hobby stock feature while Wolff started eleventh. A red flag on lap seven was caused when a car dumped liquid on the track, and for the restart, Iannolo was still leading with Richard Ingram second, Wolff third and point leader Mark Miller fourth. Wolff took second and then on lap nine passed Iannolo for the lead. A lap later Miller took over second and they were later joined by Robert Vigil in third. The lead trio ran out front with Wolff holding on for the win with Miller and Vigil just behind. Neil Conrad was fourth with Ingram fifth.

Clay Forsythe moved to the lead just after the start of the 15-lap NASCAR jalopy feature with Berry in second. Jerry Carfley took over second on lap six dropping Berry to third. On lap eleven, a four car battle for the lead saw Forsythe drop off the lead, and Carfley and Jeff Saelid come together and spin giving the top spot to Berry. A final caution came out on lap fourteen and on the restart, fourth running Carfley jumped the start and came through to run into second running Joey Gerdano who went sideways and collected third running Miranda Drake. The red and checkered flags came out together. Berry got the win with Gerdano still credited with second. By reverting to the previous lap, John Fleming and Forsythe were third and fourth despite the fact that they pitted under the lap fourteen yellow. Drake was credited with fifth.

For the 15-lap NASCAR hobby stock/jalopy feature, Iannolo took the lead after the start from the outside of the front row and led the first seven laps before falling back to fourth just before a red flag on lap eight. Ingram had taken the lead, but after racing under the red was put to the rear giving the lead to Wade. Wade would lead the following laps for the win. Edward Dazzo was second with Iannolo third, Kelly Colgan fourth and Wolff fifth.

OPENING NIGHT 1968

## WELCOME TO SAUGUS SPEEDWAY

By Joe Vollkommer

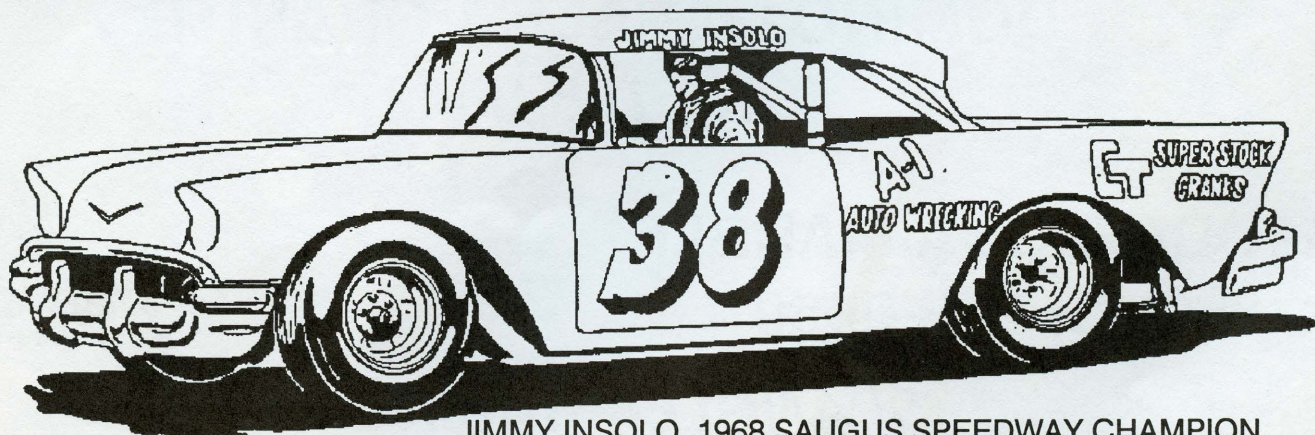

Hi Race Fans, well, it finally arrived, the night we were all looking forward to...the beginning of the 10th season of PRA stock car racing at our Saugus Speedway. Seems like just a week ago, we were saying adieu for the closing of the '67 season and here we are back again, my how time flies. It sure is good to see the many familiar faces in the stands and of course you all know the racing in the '68 season will be even more thrilling than in the previous 9 years. During the closed season, Tony Coldewey, our promoter and his staff completed painting and work on many needed run-down areas in the stands...look down, you may be sitting on a new seat tonight, although it will be just as hard as ever.

The PRA drivers have been hard at work all during the winter months getting their new cars in tip top shape for tonight's opener and I'm quite sure you all will agree that all of the cars look wonderful; How they will look in 3 or 4 weeks is another story. Our PRA lads ran many other smokepaths in the winter months and as usual swept the card wherever they competed. Jimmy Insolo won the big 100 lapper a Ascot just a while ago beating the best of them. Maybe he will be the man to beat this year.

Will Eddie Gray repeat as our 1968 champion? Or will it be Prosser, Insolo, Hornaday, Noel or one of the many other drivers who are of championship caliber, but who ever wins our #1 spot this year will certainly have to work for it, be assured of that.

There can be no runaway by any one driver and we feel that the drive for the championship can go right down to the wire, so fella's be prepared for a tough season of good clean competitive racing and may the best man emerge #1 and may all the drivers of PRA have a good season and keep their wheels on the ground.

As for your writer, this old geezer of an announcer, will try even harder to make your Saturday nights at Saugus more pleasant. You know I'll come up with some corny stories each week, but if it gives you a laugh and make you forget the worries of the day, then I will have accomplished my aim of having my fans enjoy themselves each and every Saturday night. Don't be surprised if I call YOUR NAME and give you a gift, just like that. I have a whole list of fans names and addresses and will try to reach all of you by the seasons end. As usual I am trying to gather in many many gifts to give away each week and I hope you will all buy a program, play race-o with us and win some nice prizes. Well, now it's back to work on the mike at good old Saugus Speedway and to the most wonderful auto race fans in the world!. Just one more thing to say and we mean it with a happy heart. "WELCOME TO SAUGUS SPEEDWAY AND THE 1968 RACING SEASON, MAY YOU ENJOY YOURSELVES THOROUGHLY AND LEAVE THE TRACK WITH A SINGING HEART, YOUR ENJOYMENT BEING THAT GREAT." O.K....Lets get the show on the road.

JIMMY INSOLO, 1968 SAUGUS SPEEDWAY CHAMPION

### NOTES BY LYN....

Vollkommer's opening night comments were right on target regarding the '68 championship. (see underlined in above story).

Insolo won the final race night nosing out Bill Foster for the title. Foster, who had to win a

preliminary race to get into the main event, finished third in the 100 lap event behind runner-up Marv Whiteman.

The '68 season also included a driver's strike which the "Page" will feature later in the year.
