Our parents' generation was raised to believe in committing to stereotypes. They were taught to stick to one thing and be molded to what society wanted them to be. As media, such as television, helped to shape the "clique", or the form of how one lived their life, people seemed to be stuck in a permanent mold. During this time, people associated as "jocks" and "cheerleaders" didn't bother to join together with people associated as "nerds" and "band geeks." As time passed, and as our parents' generation grew, media redefined the way that people were starting to think and live. By the 1980s, when we were born, times had changed yet again, and a new sense of conformity had surfaced. Gone were the days of the hippies and the squares, the jocks and the cheerleaders. All of that had now been redefined.

# Redefined

Here we are now, at this important time in our lives, and we have all bonded together. We have grown past the stereotype, no longer disconnecting ourselves from what we are unfamiliar with. Ultimately, we have learned to appreciate, accept and respect each other as individuals. Now it is commonplace to see punks mixing with jocks, nerds mixing with the skaters, and cheerleaders mixing with the drama kids. There are so many merging "labels" that the "label", as a whole, is now nonexistent. We are together as one. We are the in-crowd. We are the punks, the skaters, the jocks and the cheerleaders. We influence each other by our actions, by our words and by our thoughts, and we redefine each other every day. To the people around us, we play a specific role, and likewise we, ourselves, have different roles for every person we come in contact with. It is because of our friends, family, and acquaintances that we have become the individuals that we are today, and we in turn have helped to shape them as individuals. We have pushed ourselves past the limit lines so far now that we are limitless in what we can do. In each and every day we are transformed as our own unique generation, we are redefined.

# Redefined

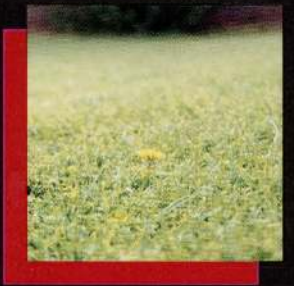

As to where we go from here, we can't even guess. We are leaving the comfort of high school and entering a whole new world, "the real world," which holds so much for us to experience. Maybe we will find ourselves in college, sitting in a room with 300 other students, redefining the way we see education. Maybe we will visit a different country and redefine the way we see different cultures all over the world. Maybe we will get married and redefine our role as adults. But wherever we go, chances are likely that change can't be very far behind, because everything we do will always be redefined.

# My little town

Over the past few years, Valencia has grown substantially in nearly every direction. From Westridge to Bridgeport, new developments seem to sprout almost overnight. With the steadily growing market for housing, combined with the lowest interest rates in years,

Valencia's hills are ripe for the plow. Even the river beds are susceptible to the flood of development that seems to flow unchecked. The planned nature and uniform design of this valley has provided a pleasant environment for life and leisure, a comfortable settlement nestled in the shadow of a theme park. We also feature attractions such as the ever-expanding Town Center and Promenade, the Ice Station, and many fine dining opportunities. Santa

Clarita is so popular in fact, that it's beginning to seem crowded to those who've lived here long enough to recall its agricultural beginnings.

## Ode to Old Glory

The once ancient life of root, trunk, and leaf/  
provider of shade as we lie underneath/  
provider of shelter and air that we breathe/  
where will you be tomorrow? No matter the  
where but rather the why/  
for progress we'd trade the earth for the sky/  
stopping the winds to build things that fly/  
but there's so little time left to borrow/  
This land is your land,  
what's ours is illusion/  
forgive of our hand for its vile intrusion/  
we know not your value,  
we're lost in confusion/  
and delusion will leave us in sorrow/  
Is there hope for tomorrow?

- James

Traffic congestion is worse than ever on the major arteries through town, and nowhere is the issue more evident than right here at VHS. The Freshman class this year alone numbers 900 plus, nearly 100 more than the total school population its opening year. The class total this year reaches upwards of 3200 students, approaching if not exceeding the Fire Marshal's maximum capacity. Fortunately, a couple new schools are in the works, two Junior and one Senior High, to be completed...whenever. Back here at Valencia, we've made some plans

of our own, including a new football stadium, and building an additional story to the 800 buildings, creating 30 new classrooms. However, one final question remains: what is to be done about the industrial sewage super-funk?

Where's the party?** Students gather around the stage to try to re-group with their friends as the dance ends. During the Winter Formal dance it was almost impossible to find anyone because it was so dark in the big gym. 8. **King & Queen!** Leah Shelton and Gustavo Alcatraz were crowned Winter Formal King and Queen. 9. **And the winners are....** Senior class President Alex Gooch and Senior class Vice President Tyler Castan get ready to announce the winners of the 2003 Winter Formal Court.

# BEHIND THE MUSIC

The Local Bands of SCV

The **Savages** is an experimental drum and bass, anti-guitar band. If you ask them what their inspiration for this band is, they would each say something different, ranging from classical to 16-bit video game background music, underground hip-hop to thrash and even emo. This band is a new wave in music that may propel a new generation of music. **Outlit XZ** is an up and coming punk rock band, formed in the summer of 2001. Inspired by *Good Charlotte*, *Box Car Racer*, and *Simple Plan*, they are ready to rock in punk rock style. **Note To Self** is an eclectic blend of many styles. Each individual brings his own unique talents and influences to create a brand new sound. Some describe them as a classic rock, improvisational jazz, absurdist blue grass, hip-hop experiment. This group formed through mutual friendships during the winter of 2003 and is currently working on songs for their first album. They attribute their creativity to individuals such as Miles Davis, Tom Waits, Paul Simon, *Red Hot Chili Peppers* and others.

## Jason Bobb

Jason Bobb's life is dedicated to music. Jason first picked up the bass clarinet in sixth grade and has been playing in a variety of musical organizations since. Jason has been a member of Valencia's Marching and Symponic Band all four years of high school and was also a part of the District Honor Band for six years, an annual band that he had to try out for in order to be a part of. If that's not enough, he also plays in the Orchestra at College of the Canyons. Most of Jason's time here at Valencia was spent in band, and he comments that, "It was time well spent, especially with all of the friends I've made." When he finds the time, Jason enjoys listening to music, playing on his computer, hanging out with his friends, and playing ping pong. When asked what he would want to be remembered by, Jason simply said, "I lived for myself and it doesn't matter what other people think about me."

## Katelyn James

Katelyn James is not only an excellent student, she's also a loving person. Her schedule is understandably busy as she takes Honors Pre-Calculus, Photo 1A, Work Experience, Mock Trial, English 180, Political Science 150, and Microeconomics while maintaining a 4.0 GPA. Mock Trial is her favorite class because it prepares her to succeed in her aspirations of being a corporate lawyer. She greatly admires her Mock Trial coach, Robert Brady, because "he is a hard working, down to earth man with a heart of gold and he gives so much of his time to help the team." The four years Katelyn has spent at Valencia High has helped her understand who she is and who she wants to be. She claims that the highlight of her Senior year was meeting her friends Trevor Miller and Sarah Prieto in her math class.

## Patrick Hunter

Patrick Hunter moved to this valley three years ago from Riverside. He started attending Valencia three years ago, where he not only maintained a 3.3 GPA, but also kept a full extracurricular resume. He participated in ASB for three years, made it on the Varsity Tennis team his Freshman year, and is now in American Sign Language 2, 3-D art, creative writing and his favorite class, video production. Patrick admires Malik, the manager of the Mobile gas station on Soledad because he has shown him that determination pays off, and he has also helped Patrick out of some rough times. As Patrick leaves high school, he is looking forward to moving out and going to the College of the Canyons and then transferring to a university. Patrick would like to be remembered as "the guy who wasn't a jerk."

## Dana Huber

Dana Huber is one of the brightest students at Valencia High School. She is described as a happy and hard working student, with a heart of gold. Although she doesn't exactly participate in school sports, being in ASB has made sure she attended every game, and she still finds time to run early mornings. Her other extracurricular activities include playing an attorney on the Mock Trial team, competing in Speech and Debate, and taking Orchestra at COC where she plays flute and clarinet. Some of Dana's scholastic achievements include staying on the Honor Roll for all four years, and she is currently ranked second in all of the Senior class. Dana is most proud of her NFL degree for Speech because it represents so much hard work. Dana looks forward to a future of diverse choices, and avenues of expression.

## Miguel Gamboa

If you haven't seen Miguel Gamboa, you've surely heard him spin. When Miguel isn't busy pursuing his career path in Business, he's active with several clubs here on campus. On Club Day, Miguel was showing his skills on the turntables to promote the Techno-Trance Club, and says its one of his fondest memories of high school. He will miss the friends he's made in high school, especially people in Pool Club, Imports, and Techno-Trance Club. Miguel is also a career-minded guy and one of his role models includes Dave Thomas. He wants to own a business one day and eventually make it to become a CEO. Miguel enjoys his job, and imagines his future will include continuing his education, his music, and his pursuit of success in the business world.

## Mike Maricle

Mike Maricle is undoubtedly one of the quietest stars of Valencia High. His musical talents include playing six different instruments: saxophone, bass, cello, vibes, keyboard, and the doumbek. Mike plans to attend either UCLA, Stanford, or Berkley where he wants to pursue a double major in physics and music. His influences range from musicians like J.S. Bach and Jim Morrison, to political and social leaders like Confucius and Mohandas K. Ghandi. He hopes to someday become a performing musician. At VHS he has learned "to think for himself and be his own person, by observing others who don't." When asked, he describes himself as "a 17 year old male, standing 5'11", weighing 140 pounds, with light brown hair, approximatly 13 inches long."

## Melissa Jimenez

Melissa Jimenez has left nothing to chance in preparing for her future. Currently she is taking Pre-Calculus, Anatomy, Myth, Government and Cosmetology ROP. Melissa plans to finish cosmetology school and get her license so when she transfers to a college out of state, she can pay for it by working in a salon. To help offset all her hard work, Melissa plans to take many road trips and at least one trip to Mexico with her sisters and friends. Melissa wants to be more spontaneous and meet new people. Melissa's role models are her mom and her two older sisters, who are also her best friends. Melissa says her favorite memory of high school "would have to be my whole junior year."

## Chris Stone

Chris is a California kid through and through. He loves the dry sunny days, good basketball weather. His heroes include Shawn Green, Shaquille O'Neal, and his parents, though not necessarily in that order. He's maintained a position on the Principal's Honor Roll through high school and has the drive to succeed but is unsure where he'll go to college, presumably a California school like UCSB or UCI. His career interests aren't real clear to him yet; perhaps he'll be an engineer like his father or maybe a professional sportscaster. He will miss the friends he's made here at Valencia High and will hold to fond memories of these days. Wherever Chris may be, chances are basketball will be close at hand.

## Jessica Seybold

Jessica Seybold has spent four years at Valencia High, excelling in her classes, and playing right field on the softball team. Although Jessica is going to miss her teammates and the memories they have shared, she is excited about moving on to pursue her future. Though Jessica has remained on the Principal's Honor Roll through high school, she plans to attend College of the Canyons before transferring to CSUN. She sees herself becoming a veterinarian, but she doesn't agree with euthanasia. She's also considering becoming a school counselor. Her dreams include graduating from college, pursuing a career, and then starting a family. Jessica's role model is her boyfriend's mother, Maria, "who's the sweetest person in the world." Jessica admires the fact that Maria has survived several bouts with cancer, and has raised a beautiful family.

# THIS IS THE TRUE STORY

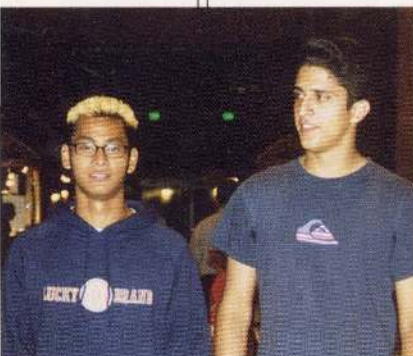

... PICKED TO HANG OUT ONE DAY AFTER SCHOOL TO SHOW THE

Eddie Manio

Nick Kontogiannis

The meeting: Eddie and Nick meet for the first time at the mall.

No one could be anymore different from one another than Eddie Manio and Nick Kontogiannis. Eddie is a nice guy who has a calm persona whereas Nick is an outspoken and blunt Greek who eats fast food daily but is too lazy to burn the calories. When asked to describe themselves, Eddie said, "I'm a guy. I just like to have fun." Nick stated that he's a "hip-hop, phat, drag racing, skater, DDRing, razor boarder." When Eddie is not in school, he likes to "chill" and hangout with friends at kickbacks or parties. He admits that he's a sucker for a good time. He also considers "sneaking around" as one of his hobbies. Nick earns some cash by working at Jack in the Box when he isn't in school or out with his friends.

Eddie and Nick check out the rack at Waltz shoe store.

During their day, Eddie and Nick shared their views about a variety of things, including past high school experiences. They talked about regrets, life changing events, and of course, girls. Eddie regrets not taking certain chances and opportunities life offered. He admits that he has had his heart broken, but still wants to find someone special to experience something unforgettable with. Eddie describes his high school experience as being "a trip," yet still enjoyable. Nick regrets slacking off with his school work. Nick also told of a life changing experience that he had. Nick was involved in a car accident which broke his collar bone and was forced to give up playing volleyball. He thinks high school is a journey to try to find yourself and to try to find who and what you are.

They sit down for a stimulating conversation of themselves, school, and girls.

After the day was over, we asked them to share their thoughts about one another. Eddie shared that "Nick is different, but still a cool head." Nick considers Eddie as "a kickback, carefree, subtle Asian." They both want to leave a lasting impression on Valencia High School. Eddie wants to be remembered as a guy who got all he could out of his high school experience. However, Nick wants to be remembered as "the Greek" on campus.

After a few hours of bonding, they bid a good night.

# OF FOUR OPPOSITES

REST OF VHS WHAT ITS REALLY LIKE WHEN OPPOSITES UNITE.

Rachel De La Cruz

Mia Quinn

Mia Quinn and Rachel De La Cruz were also chosen to hang out with each other for a couple of hours. They went to Jamba Juice to get better acquainted. Mia describes herself as an “energetic” person who doesn’t like it when people talk about her car. On the other hand, Rachel describes herself as “creative yet calm,” who doesn’t like liars. In five years, Mia plans to own her own business, while Rachel sees herself in medical school. Mia’s favorite movie is “Love & Basketball”, her favorite show is “One on One”, and her favorite artist is Ludacris. Rachel’s favorite movie is “Only You”, her favorite show is “TRL”, and her favorite artists are 112. Since they are both unemployed, they both enjoy hanging out with their friends on the weekends and listening to music, especially Rap and R&B. After an “Orange Dream Machine” and “Strawberries Wild” at Jamba Juice, these two opposites realized that they have a lot in common. “She’s really funny”, says Mia, “and we had a lot to talk about. Rachel is really nice, and I’d kick it with her again”. When asked about her experience with Mia, Rachel said, “Even though Mia is loud and has a lot to say, she still listens to you. She’s a really understanding person.”

Mia and Rachel get to know each other while waiting for their drinks at Jamba Juice.

## Yeva Ragauskayte

Yeva Ragauskayte is a very busy Senior. She is currently enrolled in six AP classes and one Honors class. As if that weren't enough, Yeva is the President of the Teen-Buddies Club, which she also founded two years ago, as well as a member of the Spanish Honor Society where she was President last year. She is also an active member of Key Club, CSF and NHS. As a Senior, she notices that since her Freshman year, she has "really become a social butterfly" which she never thought she would be. Yeva enjoys reading, going to parties, traveling and volunteering. Although she will miss the dances, her friends and the teachers at VHS, she is excited about carrying out her goal to go to UCLA or Stanford and pursuing a career as a doctor.

## Heath Timmons

Heath Timmons enjoys playing music with friends, watching movies and theatrical plays, and reading and going to concerts. He is part of Key Club, NHS, CFS, Speech and Debate and Science Olympiad and played volleyball for Valencia for two years. He is currently enrolled in four AP classes and one Honors class and plans to go to UCLA, UCSD or the University of Chicago to study engineering, journalism or chemical engineering. Heath, who finds it a "cliché to name role models", says that he looks up to certain people like his parents. Things that inspire him in study are the desire to fulfill his own expectations, not anyone else's. Heath feels that "he has grown into a mature person" over the past four years and is prepared for life.

## Lina Otero

As a Senior, Lina Otero feels that she's become a lot more mature these past four years spent in high school. She has learned to follow what she knows is right in her heart, rather than following the crowd. Lina is taking four AP classes and one Honors class, and she is also an active member of Debate, Academic Seminar and Mock Trial. When Lina has time off from her busy schedule, she enjoys drawing, playing basketball, and fashion design. Lina looks up to her dad as a role model and thanks Mrs. Moscoe and Mr. Marcucilli for all their support and inspiration during the past years. After high school, Lina plans to go to college, and hopes that college will help her decide what she wants to do with her life and prepare her for the many obstacles to come.

# LOCKS of LOVE

What is your meaning of love?

"When you find someone who makes you the happiest person and the one you know will always be there for you."

Kevin Mathis

"When you find the person who is perfect for you, and they are special to you in a different way than anyone else."

Robbyn Klein

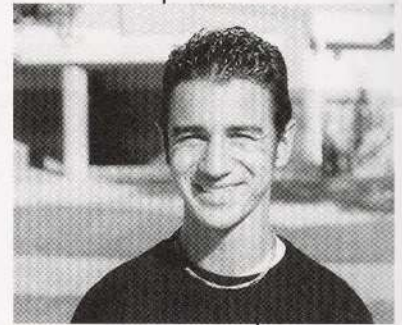

"My meaning of love is when you love someone enough to spend the rest of your life with them. It is when each moment you're away from that person, you're always thinking about them."

Alyssa Strickland

"Being with the person you are most comfortable with and being able to be yourself in front of them is my meaning of love."

Myles Pappadato

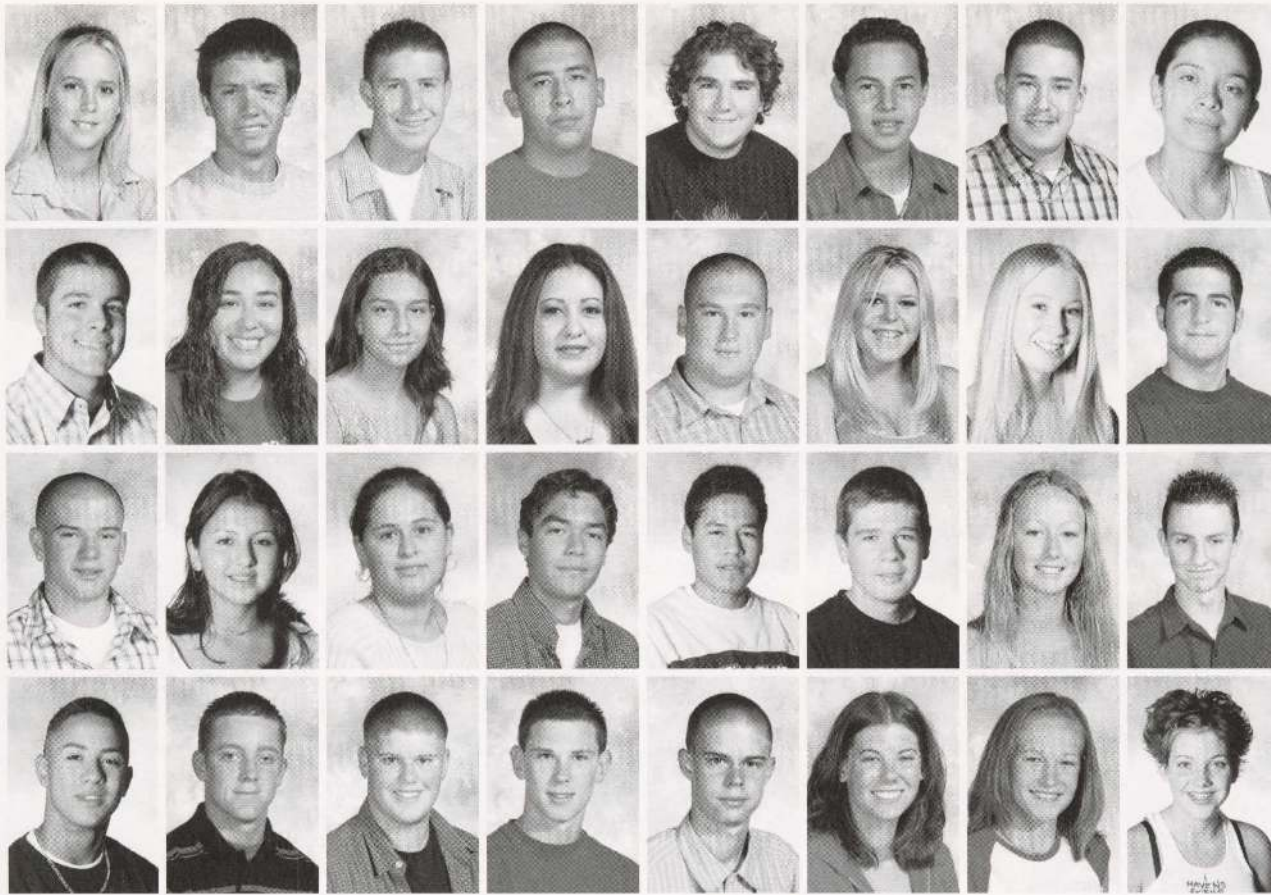

"There isn't one perfect person until you fall in love with them."

Erin Martin

"Love is when you care about someone so much that you strive to be a better person for them. It is when you respect a person's feelings and values, and when you look into their eyes, you know that this is who you're suppose to be with for the rest of your life."

# You think you know... But you have no idea!

Marika Imagawa isn't your typical high school Junior. She serves as the Secretary of the Junior Statesmen of America Club and helps the elderly at retirement homes with the Teen Buddies Club. She can write and speak Japanese fluently and maintains a 4.5 GPA. Marika is currently enrolled in Honors Pre-Calculus, AP US History, AP Composition, Physics and AP Spanish. Marika is on the tennis team and is a member of the National Honor Society, California Scholarship Federation, Spanish Honor Society and Key Club.

Sean Peterson is a friend to many and a pleasure to have in any class. "Driving to school and going off campus to go to lunch" is one of the best parts of being a Junior, Sean admits. He enjoys contributing time to community service and spreading cultural awareness with the Future Images Club as well as swimming on the VHS swim team, where he was the Varsity Co-Captain last year. Sean is currently enrolled in Honors Pre-Calculus, Theater IB, AP Physics, AP US History, AP Composition and Spanish 3.

Jaejoon Chae is a man of many talents. While maintaining a 4.5 GPA, he takes AP Language and Composition, AP Physics, AP US History, Honors Pre-Calculus, AP Art History, and Spanish 3. Besides having a demanding class schedule, he also holds the position of the Social Chairman in DECA, participates on the Track and Field team, is a member of Key Club and JSA, and also plays the violin. With less than two years to graduation, Jaejoon knows that as long as he does "his best", everything will be okay and is confident that he will succeed in the many years to come.

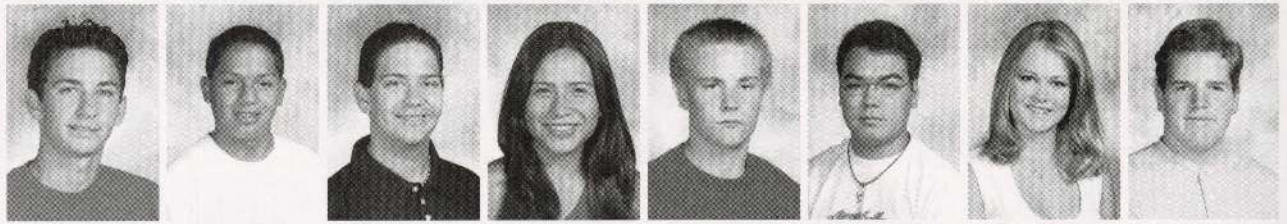

Currently enrolled in four AP classes, one honors class and one COC class, Suzanne Shama describes herself as "independent, motivated and devoted." Suzanne's motivation is knowing that she has to work hard to get accepted into a UC school. As well as being the Vice President of the Muslim Student Union, Suzanne is also a member of Key Club, NHS, CFS and the Spanish Honor Society. Suzanne plans to continue her studies at UCLA to major in math so she can help future students as a math teacher.

## SOPHOMORES

1. Sophomore year is a toughie. Sarah Davis is conversing with Jessica Roussel as she peers into space gazing at the crowded campus of Valencia. 2. Go fish! As Brandon Bullough studies his hand of cards, Cameron Slatterbeck thinks of how he wants to win. 3. Chubby bunny! Trying to win points for the Sophomore float competition, Jared Wong shoves another marshmallow into his mouth. 4. Here comes the airplane. Nolan Barickman spoon feeds David Schwem a jar full of baby food on display at brunch during Homecoming week. 5. We always have so many notes. Melanie Teichner works hard on her notes for Mrs. Ehrman's AP European History class as other students are finishing their test. 6. Quick, the bells going to ring. During brunch Marc Pablo rushes to complete his homework for his Algebra 2 class. 7. Watch the bouncing ball. Taylor Baldwin plays an arousing game of hacky sac during lunch with his friends. 8. Show your true colors. At a varsity football game, ASB member Kaitlyn Weiss sprays Mallory Di Fatta's hair with the colors of champs: purple and gold. 9. Chug Scottie, chug! After a tasty Krispy Kreme donut, Scott Bowen chugs down a half gallon of milk as part of the Homecoming week festivities.

Some punks actually *are* individuals...

# Secret SOPHOMORE

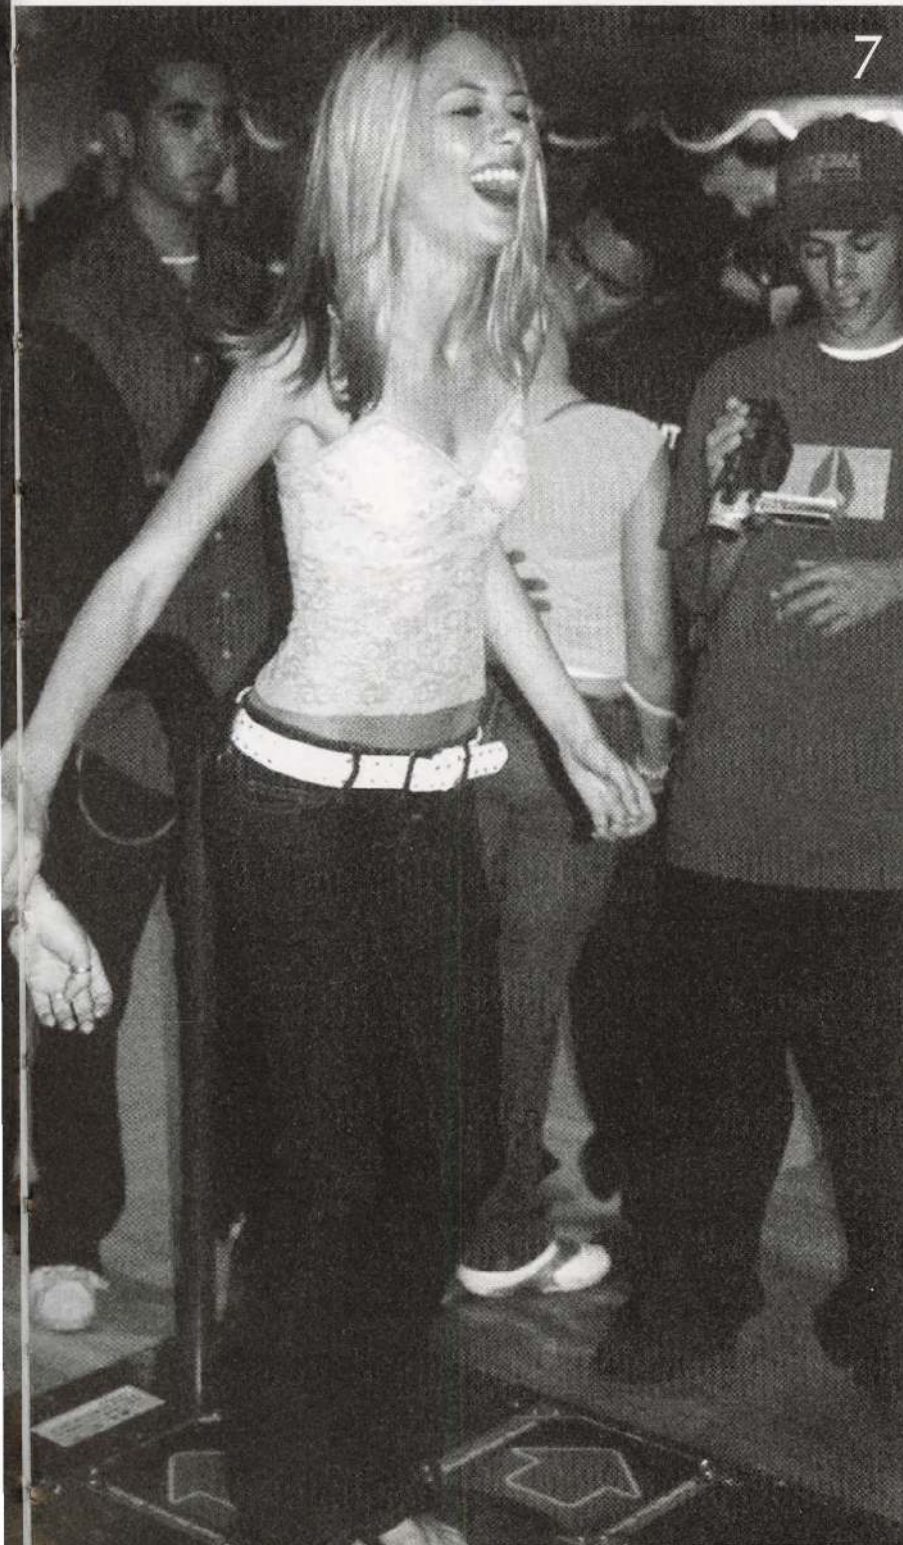

This year's secret sophomore was born and raised in Buffalo, New York. His parents moved to Buffalo in the 1970's, right before his older sister, Vanessa, was born. He was drawn into the punk and hardcore scene at the age of ten when he moved Washington D.C. in the winter of 1997. As luck would have it, Washington D.C. is considered "the capital" of the hardcore movement. Like a true punk, he is no stranger to playing musical instruments and is particularly excellent at the bagpipes. He just moved to Valencia in the past year, this being his first year at VHS. For the time being, his favorite band is Dropkick Murphys. According to him, "My favorite band changes with the seasons." His hair has never been shorter than shoulder length, when it isn't spiked up in a mohawk or in liberty spikes. While he may seem like a delinquent child, he is actually a great kid who can bring a smile to anyone's face, volunteering his time at the homeless shelter in Canyon Country every weekend. Quite a remarkable young man, he also has a GPA of 4.0, taking such classes at AP European History, Pre-Calculus, Honors English, Honors Chemistry, and Spanish 3.

# UNCENSORED

What do you think of the transition from uniforms to free dress?

I think that the transition from uniforms to free dress was easier because I do not have to make sure my uniform is clean.  
-Andrew Gabler

The transition of uniforms to free dress is worse because people with uniforms look like hypnotized robots that look the same.  
-Angelina Curiel

The transition to free dress is easier because you can express yourself.  
-Angelli Robinson

Free dress is better than uniforms because you can wear whatever you want and it's easy for people to see your personality.  
-Chris Geier

Free dress is better because then the school does not look as dull. -Irfaon Kanga

It is better because we all have our own unique style. -Brittany Presley

I like being able to wear whatever I want. However, it was easier to wear uniforms. -Ashlei James

Free dress is better than middle school uniforms. -Gerardo Valle

The transition from uniforms to free dress is better and easier because we already own regular clothes. -Jake Fricke

How have your breakfast foods changed from being a student to being a teacher?

"Plain M&M's and coke. I still eat that every so often."  
-Ms. Devoe

**Priyadarshin  
Devendran**

If you're walking along on campus, you can't help but notice Senior Dharshi Devendran quietly walking along. What you might not know about her is that she "enjoys math." To her, it is not simply a requirement to graduate, but rather a fascinating subject because she likes "working with equations and trying to solve them." She mentions that "they are like interesting puzzles." The solution is found in the mess of variables on the paper" and easy enough, she only needs to "organize them to find it." For some people who have difficulties in math, Dharshi says "studying always helps." So whenever you're frustrated, remember Dharshi's words!

**Brandon  
Dixon**

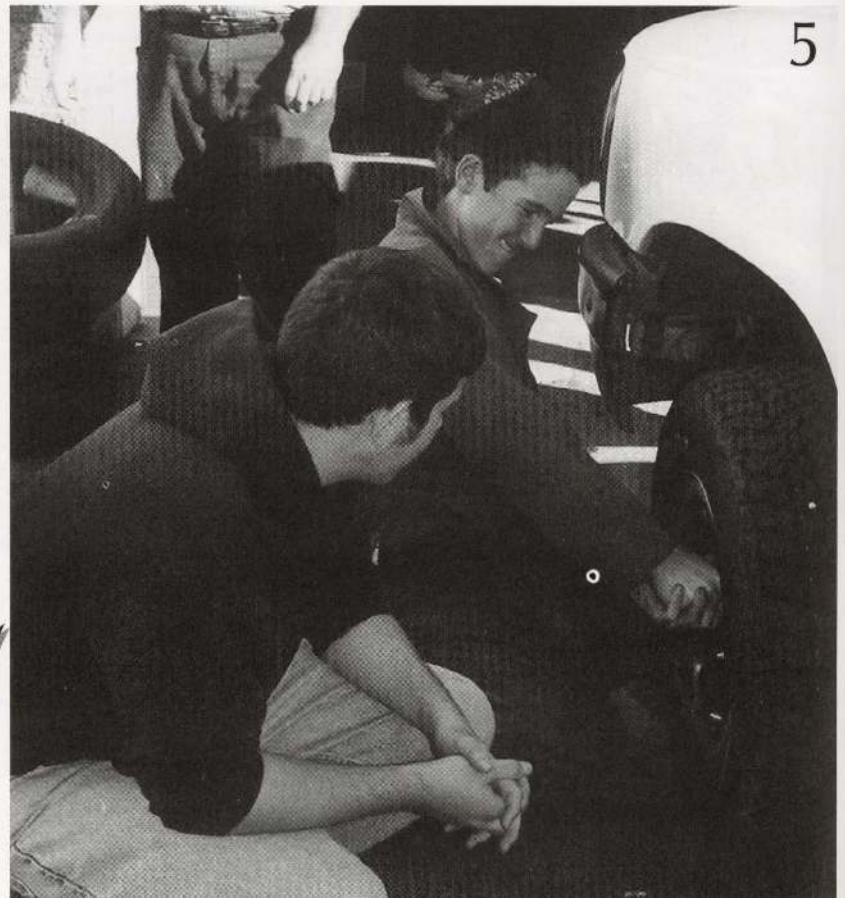

Brandon Dixon describes himself as a "person who walked right out of a book from the '50s". And if you've seen Brandon around campus you could see that his statement is true. He and his friends call themselves the "Road Demons". Brandon owns two cars: a '62 Chevy Nova which he races, and a '50 Ford to cruise in with his friends. He races his Chevy Nova at LACR with his dad and his friends. His car can run at 107 mph in 12.90 seconds. His favorite car is a fully dropped, chop top, body-sectioned and channeled '50 Ford Crestline that he would want to cruise around in. The reason why he knows so much about cars is because he has been in Auto for 4 years. He joined Auto in the first place to learn more about cars. He has learned that cars are a pain but are still fun. The hardest thing he had to do was rebuild a high compression 400 small block from scratch. The easiest thing he has done was change oil. His favorite thing about Auto is that he can use the lift to work on his own car whenever he wants. Auto has paid off, literally. Brandon works as a mechanic at A and B Automotive. It is clear that Auto will play a huge role in his career, as well as being just a past time hobby.

1. Hmm...how interesting. Julian Munoz educates his fellow Auto peers about how an automobile runs. 2. Gimme da light. Matt Daniel looks under the car to see if he can figure out what's wrong with the engine. 3. It's a Good Year. Jeff Burton shows his super strength

## VIDEO HEADS

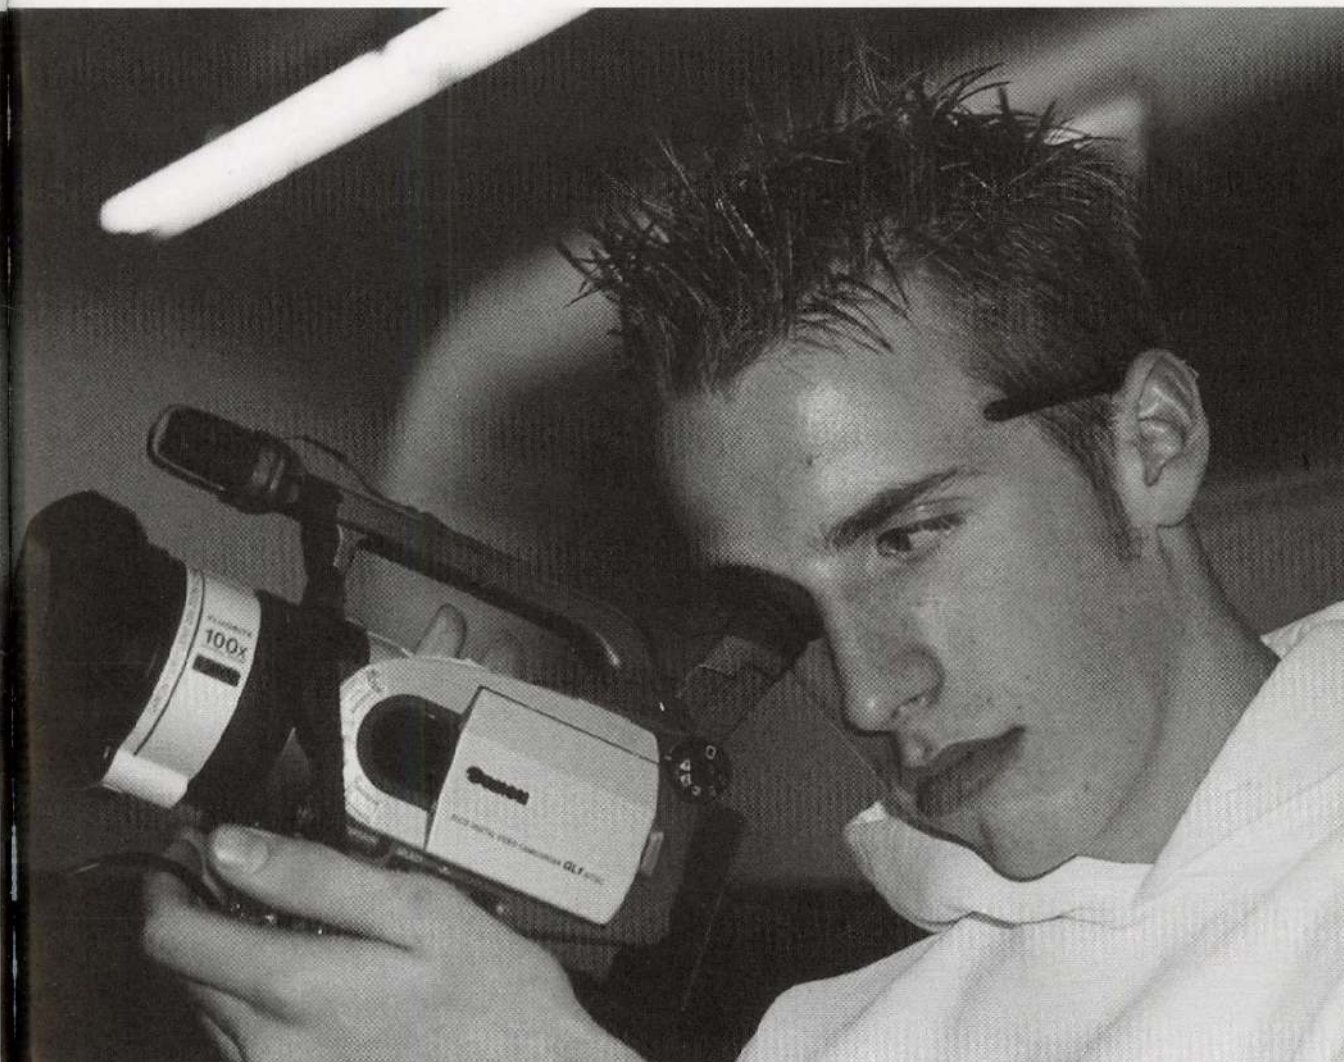

**Jon Groce** has been part of VTV since his Junior year. He joined Video Production when he saw VTV airing everyday and wanted to be involved in it. Sometimes he finds it difficult at times to run a live television show because "if something goes wrong, there's nothing you can do to correct it". He enjoys working with the equipment and by knowing how to operate the equipment correctly, he has gotten a job editing a program called "Avid". Jon greatly thanks his teacher, Mrs. Overdeest, for helping him with everything over the past years.

**Branden Morris** says he has been involved in VTV "physically since his Junior year, but mentally involved since his Freshman year". He enjoys being part of VTV because it's easy to have fun and he likes having a big voice on our campus. Also, he loves to make videos and putting on a live show daily. Since joining Video Production, he has learned video aspects along with emotional as well as social lessons. With his fingers crossed, he hopes that video production will be part of his future career.

"I think it's amazing how many creative things I can make with square sheets of paper, plus there's always food at the meetings." ### Equestrian Club

The Equestrian Club is one of the many new clubs born this year on the VHS campus. Two girls wanted to be a part of the Interscholastic Equestrian League because it offers many scholarships to all of the riders in the league, so they decided to form a club. It was also a way for them to do what they love. For many years people have been trying to bring IEL to Valencia, but the district kept turning them down for insurance purposes. Finally, after negotiating with many people and getting a petition of one hundred signatures, the club was approved. IEL orders competition classes in two categories: 'Hunters' which is judged on the presentation of the rider and their horse jumping over barriers standing from two feet to four feet

high, and 'Jumpers' which is judged on the time it takes to jump a course that is from three feet to four feet high. The Equestrian Club hopes to expand and grow in the future, bringing the pleasure of riding horses to anyone interested.

### White Fog Susan Beckhardt

Out of the blank white fog  
Emerge rooftops and  
Glowing headlights  
And a crow's call floats across the valley.

### He'll Catch Me Elizabeth Benporando

The sun turns red and falls beyond my sight  
The trees once shadows in the morning sky  
Now are subjects for the fears and dreams  
That dance around my head preventing sleep  
And confine my life to what I cannot see  
The trees, they tell me of a life now past  
And hint about the future yet to come  
But one that I at present cannot know  
For God that secret he is bound to keep  
And let me make mistakes to let me learn  
And when I fall He'll catch me once again

### Don't Cry Mother Claudia Valdivieso

I beg you, fall of madness  
That you don't cry, my sweet affection,  
That the ashes reduce the life  
Of the heart that could not break apart.

Loose my eyes their own light, at least,  
That would see yours with sad tears;  
Rain over my chest thousand doubts,  
With them I could cry but not as much.

End my free life  
The hand of a deep and strong wound,  
Or the worst torment, lovely mother.

Happier, without crying, I can have,  
That dying, without your sorrow, is life,  
And living with your tears is death.

# Miguel Gamboa

Although this is his first year in DECA, Senior Miguel Gamboa won first place in his category. He is interested in DECA because he feels that it is a great opportunity to experience "the field that [he] would like to go to." Preparing for the competition, Miguel worked hard on "role plays and workshops" which helps him to get use to what he needs to say. Miguel is not only an active DECA member, but he also participates in five student marketing teams for an advertising campaign in Valencia High School's "Linking Learning to Life" program. Although he is president of three clubs with so much work to do, Miguel still enjoyed his Senior year and is clearly a role model for future DECA members.

8

# Nicole Nissen

Senior Nicole Nissen is not the type of girl who would take the easy way out. For two years she has been an active DECA member who is not only interested in business but she also loves "to talk and be constantly challenged." Her greatest memory was going to an International Competition in Salt Lake City, Utah where she participated in a Leadership Development Academy. Nicole enjoys other hobbies such as playing soccer and simply hanging out with friends. Living her life to the fullest, Nicole concludes that whenever she achieves her goals she "feels proud" and confident in doing whatever it takes to be successful in the future.

## Paige Castan

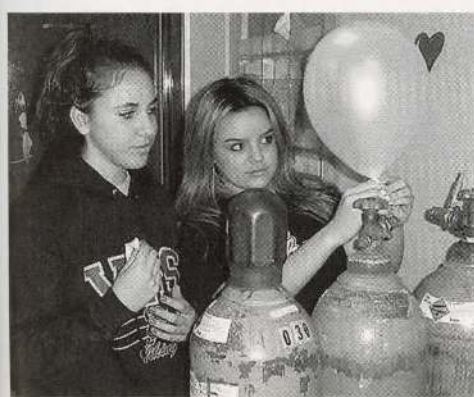

Junior Paige Castan was elected as the 2003-2004 Associated Student Body President, carrying on the torch of the Castan tradition, having both her older brother and sister hold A.S.B. offices while they attended VHS. Paige has been involved in A.S.B. even before her Freshman year began. Paige started her dedication here at Valencia the summer after she graduated from La Mesa Junior High School. It took hardwork and dedication to get Paige the leadership position she deserved. "The most rewarding experience of being in A.S.B. is having the satisfaction of seeing the rallies, intramurals, and all events turn out as well as we planned," exclaims Paige. Her most memorable experience while in A.S.B. was when she ran for A.S.B. President and hung a sign across the entire campus. Paige is well liked by her peers for her leadership and great personality.

# DANCING

## *The Night Away*

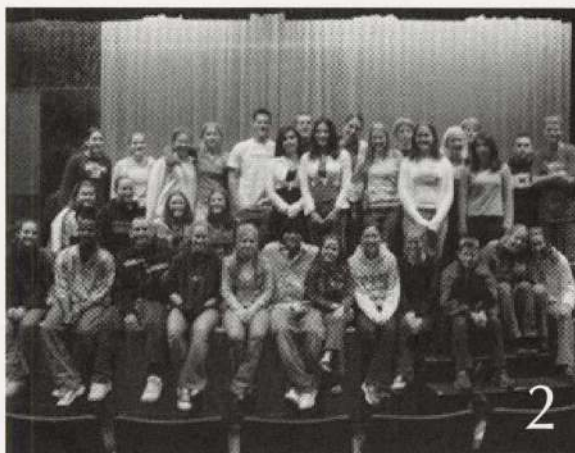

Sophomore **Jeremy Schein** is part of the Boys Hip Hop Dance Club. As a new club on the Valencia campus, Jeremy thought it would be a fun experience, seeing that the team had a lot of talent and they had "tight dance moves." He enjoys being part of the team because he likes performing and learning new routines. He thinks it's important that there is a boys dance club because it's different and mostly everyone likes Hip

Hop. Freshman **Nick Huff** joined the club because there was no place available for boys to dance to showcase their talent. Although a lot of work goes into the club, including practicing every Wednesday night in the MPR for almost two hours, he enjoys being part of the club because he says "guys have talent too and nobody would be able to see it without the club."

As the Captain of the Cross Country team, he enjoys the team's positive attitude and support for each other. Ryan is also on Track and Field and he enjoys playing games on the computers. Concluding that "if you can see straight and stand tall, you didn't try hard enough," Ryan is certainly a role model for future team captains.

## RACHEL ABBOTT

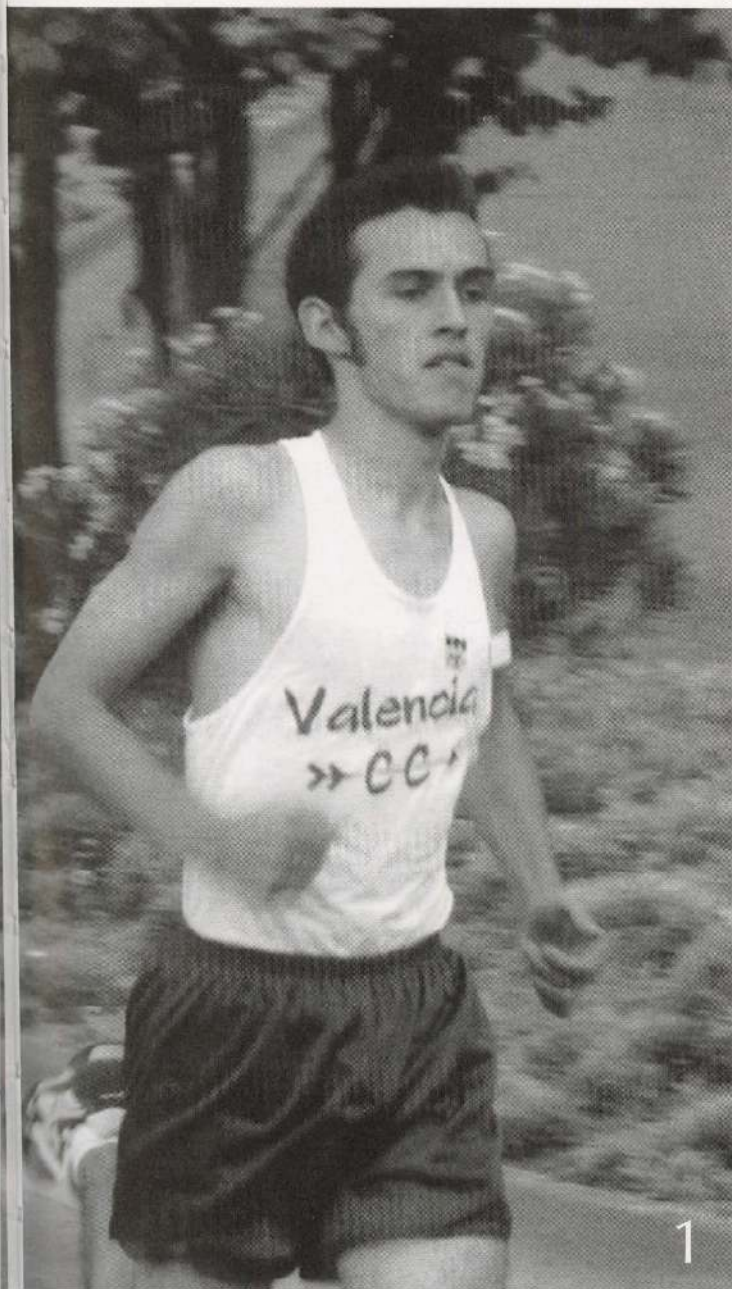

"Pain is nothing compared to the emptiness that comes from quitting" says Rachel Abbott, who is also a proud Senior that enjoys running the tri-mile. After four years on the Cross Country team, Rachel concludes that the best thing about being part of this sport is running with her friends and the satisfaction of completing a difficult workout. Her

greatest memory on the team was when she broke her collarbone in ninth grade while running in loose tennis shoes. Rachel's hobbies include reading, writing, and hiking. Wonderfully smart and athletic, Rachel achieved her goal in staying and competing on the Cross Country team throughout the school year.

## STEPHEN WRIGHT

Senior Stephen Wright plays for our Varsity Football Team as Quarterback. He joined football because it was a fun sport and he loved competition. He enjoys being out on the field with the guys and going to battle every game with them. Stephen admitted that hockey and baseball were his favorite sports, but he fell in love with the game of football his Freshman year and hasn't stopped playing since. His greatest memory was when he and his team beat Skyline High School last year in a nailbiting game. Everyone thought they were going to lose but they came out victorious.

## MARK MUNOZ

Senior Mark Munoz has played football since he was six years old. His greatest memory of playing football was Freshman year going undefeated and beating Hart. ### TIERRA BURNLEY

If there is one female athlete to look for in the future, it's Tierra Burnley. A senior, Tierra has been heating up the volleyball courts since her Freshman year. She recalls accompanying a friend to Volleyball practice and falling in love with the sport. Tierra has met many friends through volleyball, and has enjoyed the many competitions. She has been awarded a full athletic scholarship to Arizona State University next fall but so far has no plans to play professionally.

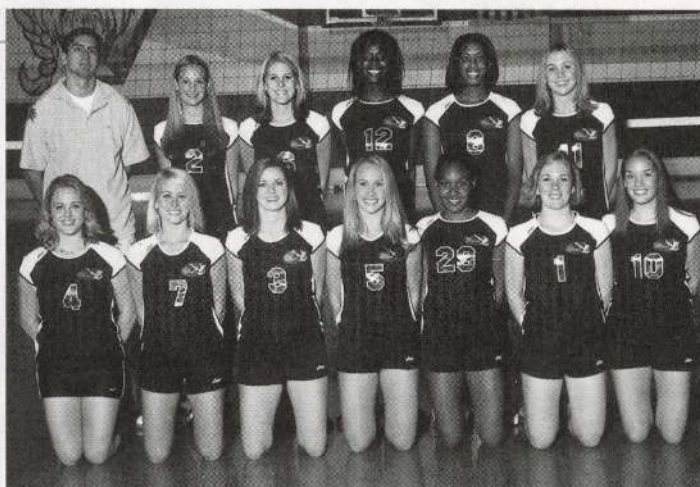

### CAROLYN CORNELIUS

For four years, Carolyn has honed her skills on the Valencia Volleyball court, and though she has no certain professional aspirations, she's not gone unnoticed by the scouts. Carolyn has been courted by many colleges, among them Ohio State, famed for its Athletics program, and especially Volleyball. For the time being, she's turned down such offers, favoring to stay in California for the environment and to stay close to family. This is one athlete deserving of attention.

### ASHA KAKONDE

If greatness and athleticism run in the blood, Asha Kakonde is off to a great start. She started playing club volleyball in 7th grade, following the lead of her older sister Diva, captain of this years Varsity Girls team. Asha admires her sister as being a great leader and team player, such things as she looks for in herself. For the time being she sees volleyball as just a hobby but has hopes to play college ball for UCSB.

1. Keep your eye on the ball. Brittany Smyth serves up the ball and starts the game off right. 2. Practice makes perfect. Harmony Tuttle practices her serve in the small gym. 3. Wise words from the bench. Frosh teammates shout words of encouragement. 4. An uncertain future. The ball could go over the net, the defense could miss it, it could affect

JV coach Justin Dyer, a VHS alumni and former Varsity Volleyball player, instructs his team on defensive strategy. 7. Only takes a tap. Lauren Wells puts the finishing touches on the volley. 8. # 2002 FOOTHILL LEAGUE CHAMPIONS (VARSITY & JV)

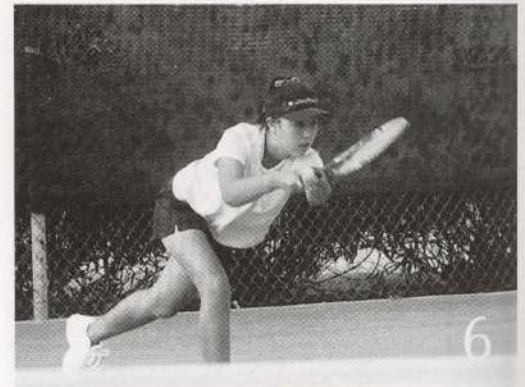

## SAMANTHA MILNER

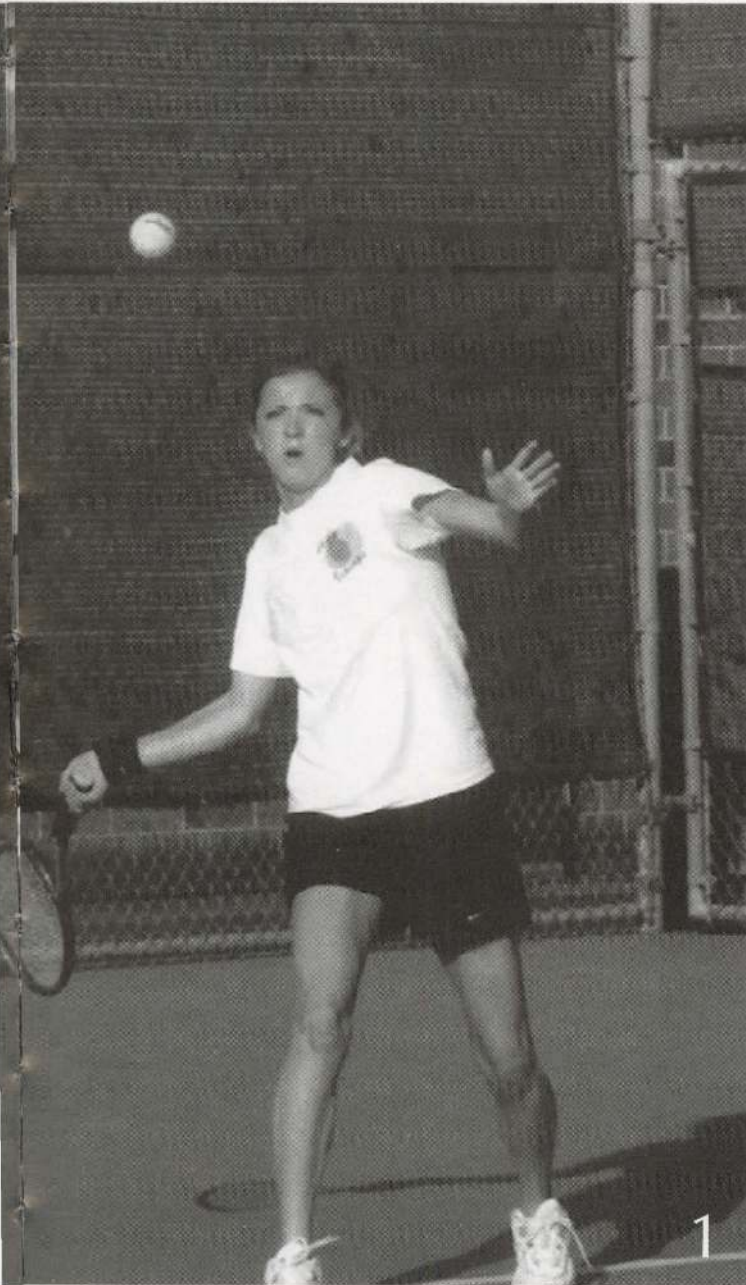

To Samantha, playing on a school team is a lot of fun because of the great people and friends that you meet because it's such a social sport. Having played three years and getting third place in league, she has contributed to the success of the team by helping it grow and develop into a great program. Samantha enjoys playing singles because in the end, she can say "I did it all by myself". Next year, she plans to continue the sport in college.

## JUDITH KILTHAU

Playing tennis since 7th grade, Judith enjoys playing on a high school team because she likes playing individually and at the same time getting points for the team. ## ALEX OJEDA

As a varsity swimmer, Alex Ojeda loves being on the swim team because it "builds endurance, discipline, self-esteem, and leadership" skills. Swimming for three years, Alex first decided to join the team because he wanted to "try something new and challenging." Being a part of the Los Angeles county lifeguard and soon to be an Emergency Medical Technicians (ETM), Alex

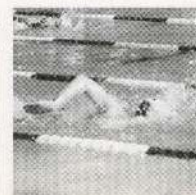

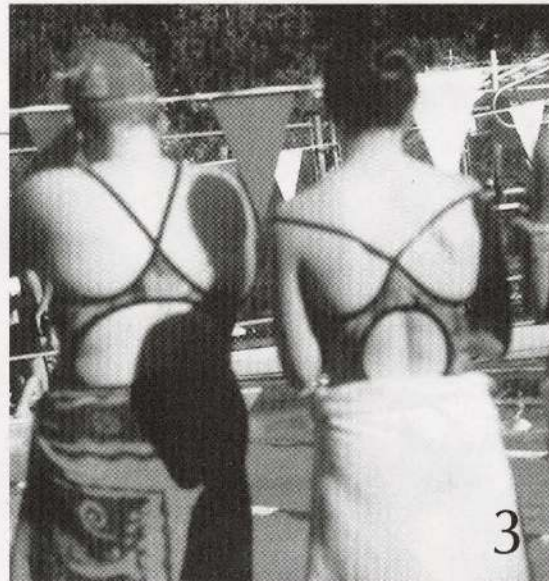

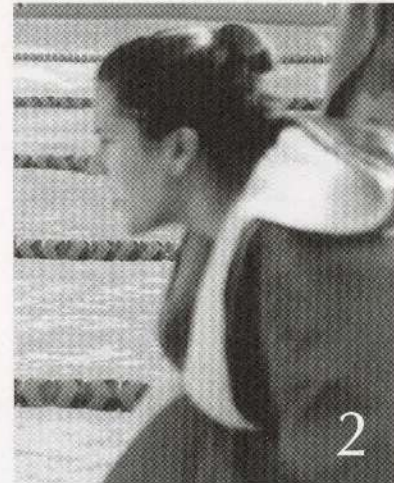

feels that the most important thing is responsibility and commitment. For eight weeks during the summer, Alex coached the "Bluefins," which is a private home association swim team.

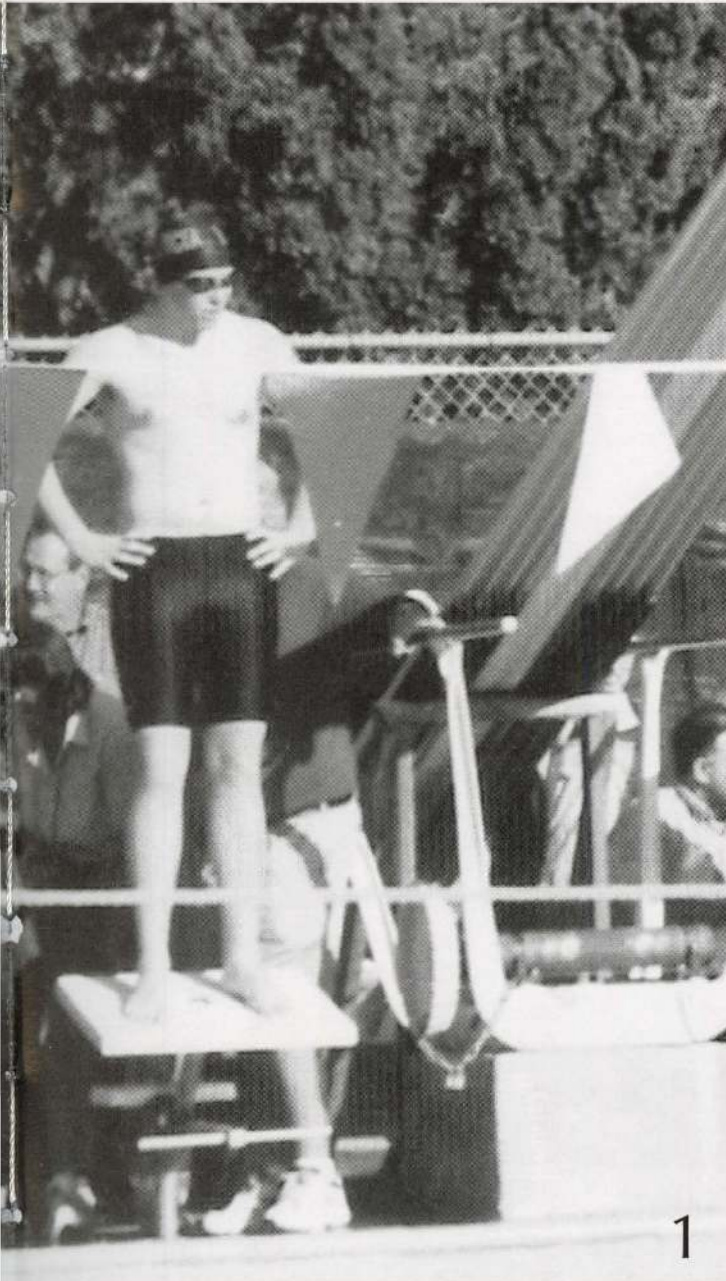

## CHERILYN TEAGUE

A committed member of Valencia's Swim Team, Senior Cherilyn Teague has been competitively swimming for four years. She is most comfortable and usually swims the 200 yard individual medley and the 100 yard butterfly. One of her greatest memories as a part of the swim team is "going to the Royal Invitation" and meeting "a lot of high school students" from different

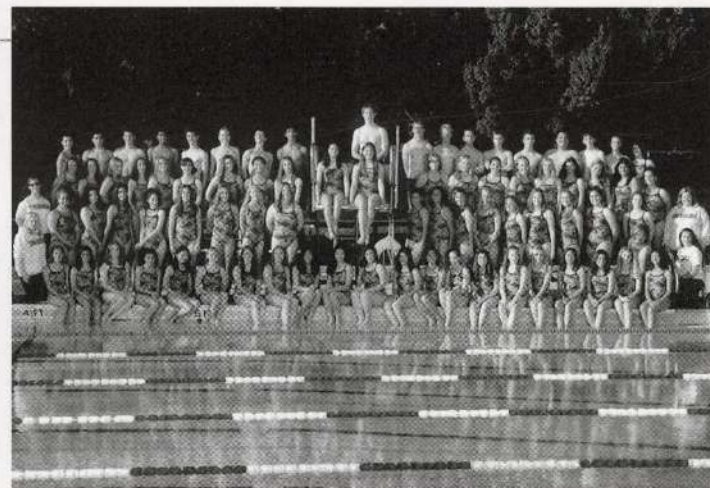

places. Although she enjoys being a part of this wonderful team, Cherilyn mentions that most of the time "the sport is very individual" and each person's goal is to "improve [their] personal times."

Elvis Ky has played tennis since he was small, but he has been on the team since his Freshman year. His favorite thing about tennis is that it is a competitive, yet enjoyable sport. An embarrassing moment was when the whole team called him "Elvis the One Eye Ky" because of the bump that he got on his eye after he was hit by a tennis ball.

## EDDIE MANIO

Edward Manio describes himself as "one, hot, super, cool, funky, fresh, in your face, tennis player, and there is no one else like me". Eddie has been on the VHS Tennis Team since Freshman year and is in his fourth year playing for Varsity. The real reason he joined the team was so that he wouldn't have to take P.E. during his Freshman year. He has learned that if you want something bad enough and you put all your heart into achieving your goal, you'll end up getting it. His shining moment was when he and his team ended up getting the 2002 Tennis League Championship last year against the 14 consecutive winning champs Burbank.

She feels that

she's brought leadership to the team because she definitely knows what she's doing. "I have been doing flag since the fourth grade."

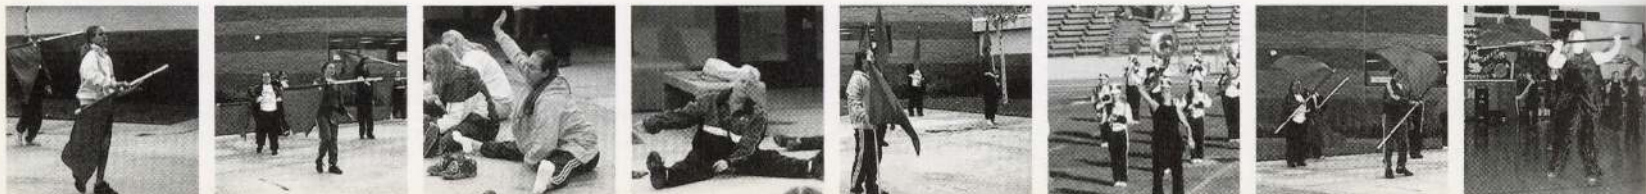

## JANET SHIN

Janet Shin just joined the flag team this year. She says, "It's a good experience. It's not something you do every day." Janet learned that teamwork really counts, and that slacking off not only affects you, but it brings everybody on the team down as well. Her favorite aspect of flag team is the wonderful learning experience she's exposed to, as well as

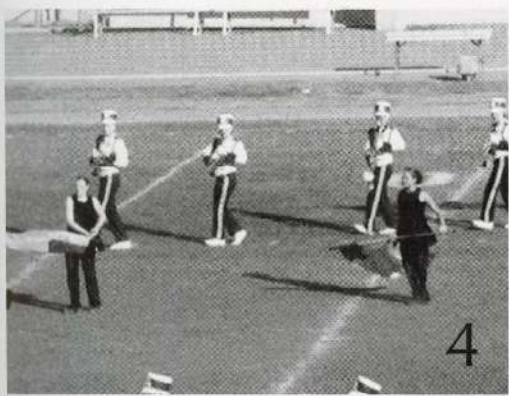

learning from her friends on the team. Janet plans to be a part of the Valencia Flag Team for the rest of her years here at VHS.

2002-2003 FLAG TEAM: Ashley Abercombie, Meghan Carter, Sara Dillingham, Kayla Doggett, Karalyn Gabrielsen, Melissa Gill, Chelsea Hassen, Kayla Kellerman, Nicole Marinovich, Janet Shin, Natalie Slem, Tori Strenk, Kira Varelman, Missy Watson

## MACKENZIE KOURY

"Character is gained by that which you stand for. Reputation is gained by that which you fall for." Senior Mackenzie Koury has been involved in cheerleading since she was a Freshman. Her older sister, who was also a cheerleader, inspired her to go into cheer. To Mackenzie, "the hardest part about cheer is that it is a demanding sport. All summer we had to practice from seven to eleven in the morning everyday." Although it is a lot of hard work, she loves being together with all of her fellow cheerleaders and being able to build any stunt.

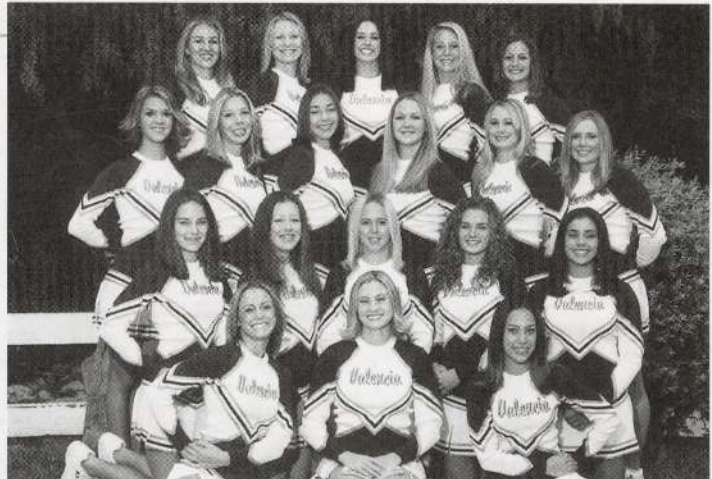

## LAUREN CICHY

Senior Lauren Cichy's favorite memory when cheering was winning a competition against the Hart cheerleaders during a basketball game. Lauren has been part of cheer since her sophomore year and decided to join because she saw how much fun they had performing at rallies. She likes being part of the competition squad because they travel and get to work with guys. Lauren plans to try out for the Universal Cheer Association before going to college. When Lauren isn't cheering, she likes to hang out with her friends, shop and go snowboarding.

2002-03 VARSITY CHEERLEADING TEAM: Shanna Benveniste, Barbie Bertuch, Lauren Cichy, Samantha Cravitz, Jamie Fisher, Anna Frammolino, Amber Gideon, Anjali Iyengar, Bre Junker, Mackenzie Koury, Mindi Luce, Jenna Marino, Cassie O'Connell, Ashley Ruffner, Toni Sperry, Jessica Trimble, Dana Whatley, Mary Ashley Whitaker and Amanda Wilczynski.

A lot of practice goes into the girls' routines and it shows especially when they perform at rallies, games and other events. 8. Sitting pretty. Like every other sports team, cheer demonstrates true teamwork as well as school spirit. 9. It's getting cold in here. Whether in hot or cold weather, Cheer is always there to "pump that Viking spirit up" during the Homecoming game.

## BRITTANY LYON

Cheering her first year at Valencia, Brittany Lyon has made many friends. She tried out believing that cheer would be a fun and entertaining hobby to do because she had previously been on dance team in 8th grade and had cheered in 3rd grade. Her fellow cheerleaders have become some of her

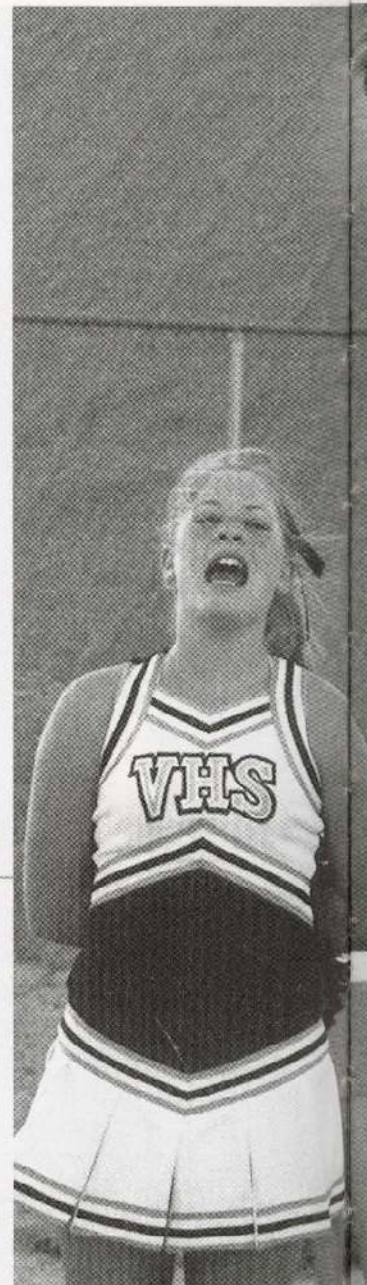

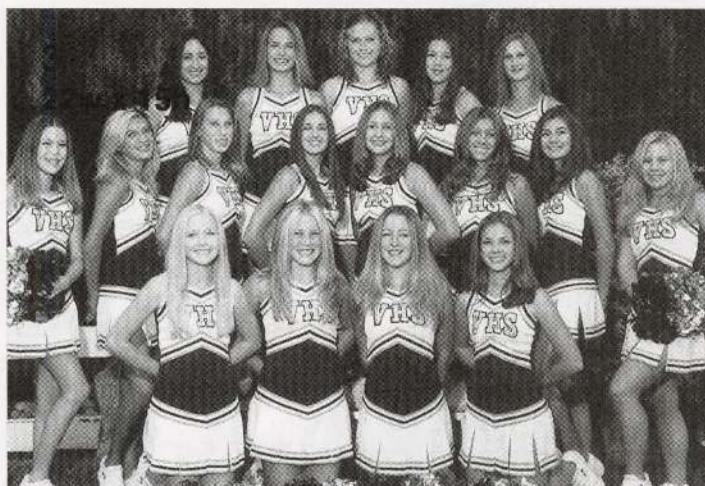

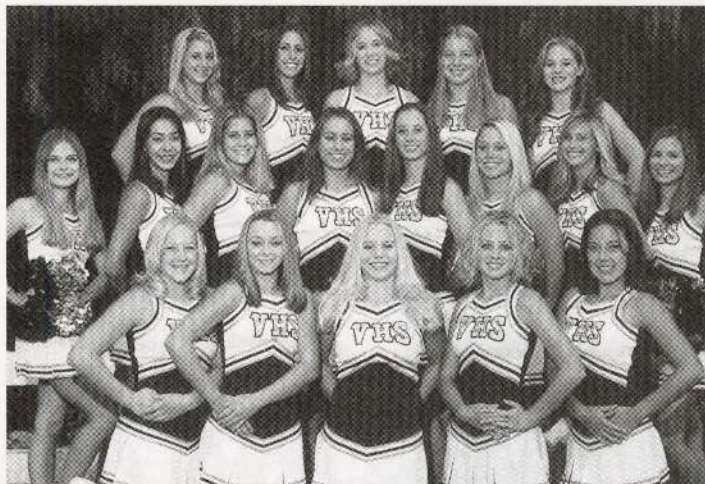

closest friends and they have endured much together, from summer camp at Pepperdine University, to the basketball games every Tuesday at the gym. After all the cheers and all the friends, Brittany is more than ready to cheer the remainder of her high school years.

## AMANDA WHITAKER

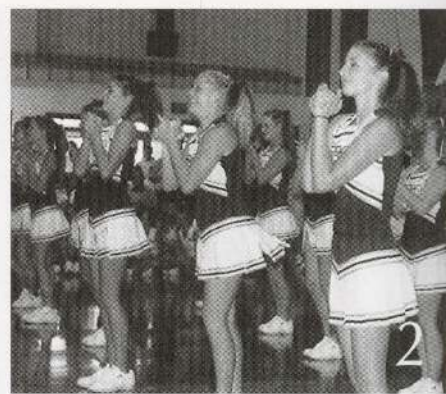

After finishing cheer in junior high school, Amanda Whitaker is ready for more cheer at Valencia High. After her experience in dance and gymnastics at a young age, her dream is to dance or cheer in college. Summer conditioning and practice is all worth it just to perform at rallies and to cheer at football games. In her

free time, Amanda enjoys hanging out with friends, shopping, snowboarding, and dancing. Her great attitude is applied to her favorite quote, "It's nice to be important, but its more important to be nice."

To our lovely Jordan; It is amazing how quickly time has passed. Your mother and I have been so proud of you throughout the years. You have always been the perfect child; helpful, courageous, almost fearless, loyal, positive, hard working, great grades, and of course, beautiful. It makes my heart sing thinking of the many wonderful times we have had together. You've shown courage and determination in so many things; making the Cheer team, your efforts in math, and learning to ride and train your horse Panzer, the move to California, and how quickly you made friends here (some really great friends), your ability to make people feel comfortable. The letter you wrote about the move 6 months later- that was a keeper. Your many friends through the years had such impact on our family. Early on, Kelly Nosari, then Miss Sara, and in California, Connie, then Chelsea and Amy, and now Giselle, Deja, Shelley and Mindy-all great young women. And of course, Kyle. You have made us very proud and we love you so much. College will be the next big step and it will be fun to watch you move on to even greater things. With our entire Love, Mom and Dad.

*As you begin a new phase of your life, you must trust your own judgments and opinions, to keep your life focused on believing in yourself and all that you are capable of.*

*There will be challenges to face and changes to make in your life, and it is up to you to accept them. Constantly keep yourself headed in the right direction for you. It may not be easy at times, but in those times of struggle you will find a stronger sense of who you are, and you will also see yourself developing into the person you have always wanted to be.*

*Life is a journey through time, filled with many choices; each of us will experience life in our own special way. So when the days come that are filled with frustration and unexpected responsibilities, remember to believe in yourself and all you want your life to be, because the challenges and changes will only help you find the dreams that you know are meant to come true for you. Life is gift....Love Much, Live Well and Laugh Often.*

Thank You:

Dr. Priesz, the assistant principals, and the rest of the VHS staff who let the yearbook staff interrupt their classes throughout the year. Thank you to Mrs. LaSalle and Lisa Gomez. To Dave Smith of Herff Jones for ALL of your help this year, we apologize about all of our late pages, and for putting up with us! :) Thanks to the people of O'Connor Photography, especially Travis for bringing in all of our photos and for making all of those runs to Costco; Mr. Rosenast, thank you for your support and help, especially during the hardest parts of production; Valentina and Samara for coming back in to help us get things squared away at the beginning of the year; Mr. Timberlake for helping during "distribution time" of the book; and to Mr. Dogett, Mr. McBride, and Mr. Kunkel for helping us with the computer situations and our never-ending complaints about the network space. Special thanks to Ms. Dollman, for putting in SO much time into the production of "our baby"; Doug and Sarah for their amazing dedication on their sections, even on late deadlines; Dustin Halcon for helping us with photos and for maintaining our sanity through tough times; Matt Newton for coming in to help us at the beginning of the year; Lee for baking while being depressed; our parents for their guidance and nonstop support; Matt for always putting up with Aleks having to stay after school to work on the book; and finally, to Cheese Whiz and crispie crackers for providing us such a healthy snack on our late afternoons here. Moo. :)
